

RED LEVEL EQUAGILITY January 2025

This is a two phase class, there are only five obstacles to negotiate. First you must complete the five obstacles on the ground with a halter and leadrope, a rope round the neck OR at liberty then you mount the horse and ride through the obstacles at the same pace as on the ground. For the ridden section you can use any of the following two reins attached to a halter, one rein which can change sides, rope around the neck For safety bridles and saddles are allowed (with or without trees), you may use a bareback pad (no stirrups) or saddle blanket and surcingle or ride bareback. If you use the bridle rein you will lose marks. You may have a neck strap or neck rope on the horse for safety.

The filming must be continuous without a break between the groundwork and the ridden part so put any saddle onto your horse before you start. You may wish to put the bridle on between the groundwork and the ridden work. **THINK SAFETY AT ALL TIMES. DO NOT TAKE CHANCES** you will not be judged on your riding style but your ability to be with your horse as he carries you around the course.
